

Mr. and Mrs. Davis,

I am very honored to be awarded the Herbert G. and Shirley A. Davis Named Grant. The amount of support that I am currently receiving is minimal and coming to an end; your gift is such a blessing. My family is an important part of my life and it was a great feeling to tell them the wonderful news of this grant. It will be a tremendous help towards my thesis work. Your generosity will allow me to obtain thin sections and core samples of the Cleveland Formation in the Anadarko Basin. The objective of my thesis is to interpret the Cleveland Formation in a sequence stratigraphic framework. Improving the placement of laterals and enhancing exploration success is my ultimate goal and I plan on achieving this by establishing the depositional setting and environment along with interpreting the diagenetic history. I am very excited to accomplish my goal and help others with my work. Thank you for your thoughtfulness and for believing in me.

Sincerely,

M. Cody Bacon

Cody Bacon
